Dear Ward:

Thank you for a very delightful time and for the courteous hospitality which you showed me while I was in Madison. Sitting in your living room looking out over Madison at night is certainly a moving experience and one that I will long remember.

In addition, I would like to thank you for the time and experience which you gave to me so freely. I am certain that it will be of great benefit to me in these weeks that follow. I will most certainly keep you posted as to the developments here at Iowa State and hope that this cooperative relationship can continue. I would also like to express my appreciation for Marv, Ed, Phil, and Bill's participation in these conferences.

On return to Iowa State I checked the HEW funds which we received and found that my estimate was entirely out of line. We receive approximately  $3\frac{1}{2}$  million dollars a year from this source, and it looks like this may be ever increasing.

One of these days I may call and ask that you and I join in a call to Mr. Hinkley of the Research Foundation to determine the position of the Research Foundation with regard to the symposium.

I will soon send you the paragraph from the CCH manual as it pertains to treatment of grantors by providing priority provisions in the grant.

I hope that your trustees' meeting went well since Wisconsin did not do so well on the playing field on Saturday. At Iowa State a loss on Saturday is to be expected. I don't believe this is the condition at Wisconsin however.

Thank you again for your consideration and time last week.

Yours truly,

IOWA STATE UNIVERSITY
