Dear Earl:

Just a note in your capacity as Chairman of the Nominating Committee for SUPA to let you know that Roger Ditzel whose address is given below has indicated to me that it is his intention to become more involved in SUPA activities.

Mr. Roger C. Ditzel
Patent Administrator
University of California Systemwide
Administration
491 University Hall
2200 University Avenue
Berkeley, California 94720

This should enable you to twist his arm a bit if you consider him for one of the officers' or trustees' openings which will occur with our February 1980 meeting.

Best regards.

Very truly yours,

Howard W. Bremer
President
