Dear Ralph:

Your willingness to testify on October 17 before the House Committee on Science and Technology is very much appreciated. The staff person I talked to on that Committee is Mary Georgio whose telephone number is (202) 225-4161. I have talked to her and given her your name and telephone number and told her that you would appear to testify.

Inasmuch as she said the testimony which I gave on the Schmitt Bill would seem to be right in point for the Committee hearing I am enclosing a copy of that for your use as well as an additional copy of the testimony I gave on S. 414.

I have also spoken with Shelly Steinbach at American Council on Education and with Milt Goldberg at COGR and the testimony which you will give can be presented on behalf of these two groups also. You will, of course, be presenting the testimony for SUPA and if you wish for Purdue and Purdue Research Foundation.

As a consequence of the agreement by Shelly and Milt the preface to my remarks on the Schmitt Bill would also apply.

Shelly and Milt both ask that you send them each a copy of the testimony preferably before you give it.

Again, Ralph, thanks for your willingness to give this testimony.

Very truly yours,

Howard W. Bremer
Patent Counsel
