Dear Mr. Bremer:

In your talk before the Licensing Executives Society in New York you suggested that industrial representatives contact SUPA to keep informed of work being done in various universities.

Sonoco is interested in advances in packaging, pulp and paper technology, new uses for forest products as well as innovations in extruded and injection molded plastics technology.

I would appreciate being put in contact with the proper person or persons to discuss an arrangement such as you mentioned in your talk.

Sincerely,

SONOCO PRODUCTS COMPANY
