Dear Ward:

As I mentioned in our telephone conversation last October, Bill Hinkley and I have discussed from time to time the possibility of Research Corporation sponsoring a symposium on patents some time during 1959. We feel that the symposium you sponsored in Madison in 1957 was very much worthwhile and we would like to sponsor a similar meeting in New York or the vicinity in late September or early October. Would either September 30 and October 1 or October 7 and 8 be convenient dates for you and your associates? We would also like to know whether you feel that representatives of any organizations or institutions that did not attend the conference in Madison should be invited.

We will be looking forward to hearing from you concerning the proposed conference.

Sincerely yours,

S. Blake Yates
