MEMORANDUM

July 18, 1940

Remitter: Miami Post Publishing Co. (42332)--Class A.

Title: "Little Rainbows in Rhyme"

Question: Division of opinion as to registrability of material.

An application has been filed for "Little Rainbows in Rhyme" (book cover) accompanied by two complete copies of the book cover bearing an adequate notice. In the opinion of the examiner the copies are incomplete. The books for the covers should be filed. Furthermore, she feels that an application should be filed on form A2 with the statement that the copyright is being claimed upon the cover. It should be noted that the book itself was registered for copyright in 1937.

Mrs. Brady supports the recommendation of the examiner. Mr. Wise, Mr. Smith and Mr. Pierce, on the other hand, take the position that registration should be made as applied for. Two complete copies have been submitted and the application clearly shows just what is covered by the claim of copyright. Recently an application on form A2 in which the claim of copyright was based upon a part of a new cover, was rejected on the ground that the cover easily became detached and when so detached it bore no notice. Now that the applicant has submitted an application for a cover with a notice on the cover and the two copies of the cover it seems to the three members listed above that registration should be made as applied for.

Respectfully submitted,

  
Chairman, Advisory Board
