#### § 101. Definitions

As used in this title, the following terms and their variant forms mean the following:

An "anonymous work" is a work on the copies or phonorecords of which no natural person is identified as author.

"Audiovisual works" are works that consist of a series of related images which are intrinsically intended to be shown by the use of machines or devices such as projectors, viewers, or electronic equipment, together with accompanying sounds, if any, regardless of the nature of the material objects, such as films or tapes, in which the works are embodied.

*The "Berne Convention" is the Convention for the Protection of Literary and Artistic Works, signed at Berne, Switzerland, on September 9, 1886, and all acts, protocols, and revisions thereto.*

*A work is a "Berne Convention work" if--*

*(1) in the case of an unpublished work, one or more of the authors is a national of a nation adhering to the Berne Convention, or in the case of a published work, one or more of the authors is a national of a nation adhering to the Berne Convention on the date of first publication;*

*(2) the work was first published in a nation adhering to the Berne Convention, or was simultaneously first published in a nation adhering to the Berne Convention and in a foreign nation that does not adhere to the Berne Convention;*

*(3) in the case of an audiovisual work--*

*(A) if one or more of the authors is a legal entity, that author has its headquarters in a nation adhering to the Berne Convention; or*

*(B) if one or more of the authors is an individual, that author is domiciled, or has his or her habitual residence in, a nation adhering to the Berne Convention; or*

*(4) in the case of a pictorial, graphic, or sculptural work that is incorporated in a building or other structure, the building or structure is located in a nation adhering to the Berne Convention.*

*For purposes of paragraph (1), an author who is domiciled in or has his or her habitual residence in, a nation adhering to the Berne Convention is considered to be a national of that nation. For purposes of paragraph (2), a work is considered to have been simultaneously published in two or more nations if its dates of publication are within 30 days of one another.*

The "best edition" of a work is the edition, published in the United States at any time before the date of deposit, that the Library of Congress determines to be most suitable for its purposes.

A person's "children" are that person's immediate offspring, whether legitimate or not, and any children legally adopted by that person.

A "collective work" is a work, such as a periodical issue, anthology, or encyclopedia, in which a number of contributions, constituting separate and independent works in themselves, are assembled into a collective whole.

A "compilation" is a work formed by the collection and assembling of preexisting materials or of data that are selected, coordinated, or arranged in such a way that the resulting work as a whole constitutes an original work of authorship. The term "compilation" includes collective works.

A "computer program" is a set of statements or instructions to be used directly or indirectly in a computer in order to bring about a certain result.

"Copies" are material objects, other than phonorecords, in which a work is fixed by any method now known or later developed, and from which the work can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. The term "copies" includes the material object, other than a phonorecord, in which the work is first fixed.

"Copyright owner," with respect to any one of the exclusive rights comprised in a copyright, refers to the owner of that particular right.

*The "country of origin" of a Berne Convention work, for purposes of section 411, is the United States if--*

*(1) in the case of a published work, the work is first published--*

*(A) in the United States;*

*(B) simultaneously in the United States and another nation or nations adhering to the Berne Convention, whose law grants a term of copyright protection that is the same as or longer than the term provided in the United States;*

*(C) simultaneously in the United States and a foreign nation that does not adhere to the Berne Convention; or*

*(D) in a foreign nation that does not adhere to the Berne Convention, and all of the authors of the work are nationals, domiciliaries, or habitual residents of, or in the case of an audiovisual work legal entities with headquarters in, the United States;*

*(2) in the case of an unpublished work, all the authors of the work are nationals, domiciliaries, or habitual residents of the United States, or, in the case of an unpublished audiovisual work, all the authors are legal entities with headquarters in the United States; or*

*(3) in the case of a pictorial, graphic, or sculptural work incorporated in a building or structure, the building or structure is located in the United States.*

*For the purposes of section 411, the "country of origin" of any other Berne Convention work is not the United States.*

A work is "created" when it is fixed in a copy or phonorecord for the first time; where a work is prepared over a period of time, the portion of it that has been fixed at any particular time constitutes the work as of that time, and where the work has been prepared in different versions, each version constitutes a separate work.

A "derivative work" is a work based upon one or more preexisting works, such as a translation, musical arrangement, dramatization, fictionalization, motion picture version, sound recording, art reproduction, abridgment, condensation, or any other form in which a work may be recast, transformed, or adapted. A work consisting of editorial revisions, annotations, elaborations, or other modifications which, as a whole, represent an original work of authorship, is a "derivative work".

A "device," "machine," or "process" is one now known or later developed.

To "display" a work means to show a copy of it, either directly or by means of a film, slide, television image, or any other device or process or, in the case of a motion picture or other audiovisual work, to show individual images nonsequentially.

A work is "fixed" in a tangible medium of expression when its embodiment in a copy or phonorecord, by or under the authority of the author, is sufficiently permanent or stable to permit it to be perceived, reproduced, or otherwise communicated for a period of more than transitory duration. A work consisting of sounds, images, or both, that are being transmitted, is "fixed" for purposes of this title if a fixation of the work is being made simultaneously with its transmission.

The terms "including" and "such as" are illustrative and not limitative.

A "joint work" is a work prepared by two or more authors with the intention that their contributions be merged into inseparable or interdependent parts of a unitary whole.

"Literary works" are works, other than audiovisual works, expressed in words, numbers, or other verbal or numerical symbols or indicia, regardless of the nature of the material objects, such as books, periodicals, manuscripts, phonorecords, film, tapes, disks, or cards, in which they are embodied.

"Motion pictures" are audiovisual works consisting of a series of related images which, when shown in succession, impart an impression of motion, together with accompanying sounds, if any.

To "perform" a work means to recite, render, play, dance, or act it, either directly or by means of any device or process or, in the case of a motion picture or other audiovisual work, to show its images in any sequence or to make the sounds accompanying it audible.

"Phonorecords" are material objects in which sounds, other than those accompanying a motion picture or other audiovisual work, are fixed by any method now known or later developed, and from which the sounds can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. The term "phonorecords" includes the material object in which the sounds are first fixed.

"Pictorial, graphic, and sculptural works" include two-dimensional and three-dimensional works of fine, graphic, and applied art, photographs, prints and art reproductions, maps, globes, charts, *diagrams, models, and technical drawings, including architectural plans* [O>technical drawings, diagrams, and models<O]. Such works shall include works of artistic craftsmanship insofar as their form but not their mechanical or utilitarian aspects are concerned; the design of a useful article, as defined in this section, shall be considered a pictorial, graphic, or sculptural work only if, and only to the extent that, such design incorporates pictorial, graphic, or sculptural features that can be identified separately from, and are capable of existing independently of, the utilitarian aspects of the article.

A "pseudonymous work" is a work on the copies or phonorecords of which the author is identified under a fictitious name.

"Publication" is the distribution of copies or phonorecords of a work to the public by sale or other transfer of ownership, or by rental, lease, or lending. The offering to distribute copies or phonorecords to a group of persons for purposes of further distribution, public performance, or public display, constitutes publication. A public performance or display of a work does not of itself constitute publication.

To perform or display a work "publicly" means--

(1) to perform or display it at a place open to the public or at any place where a substantial number of persons outside of a normal circle of a family and its social acquaintances is gathered; or

(2) to transmit or otherwise communicate a performance or display of the work to a place specified by clause (1) or to the public, by means of any device or process, whether the members of the public capable of receiving the performance or display receive it in the same place or in separate places and at the same time or at different times.

"Sound recordings" are works that result from the fixation of a series of musical, spoken, or other sounds, but not including the sounds accompanying a motion picture or other audiovisual work, regardless of the nature of the material objects, such as disks, tapes, or other phonorecords, in which they are embodied.

"State" includes the District of Columbia and the Commonwealth of Puerto Rico, and any territories to which this title is made applicable by an Act of Congress.

A "transfer of copyright ownership" is an assignment, mortgage, exclusive license, or any other conveyance, alienation, or hypothecation of a copyright or of any of the exclusive rights comprised in a copyright, whether or not it is limited in time or place of effect, but not including a nonexclusive license.

A "transmission program" is a body of material that, as an aggregate, has been produced for the sole purpose of transmission to the public in sequence and as a unit.

To "transmit" a performance or display is to communicate it by any device or process whereby images or sounds are received beyond the place from which they are sent.

The "United States," when used in a geographical sense, comprises the several States, the District of Columbia and the Commonwealth of Puerto Rico, and the organized territories under the jurisdiction of the United States Government.

A "useful article" is an article having an intrinsic utilitarian function that is not merely to portray the appearance of the article or to convey information. An article that is normally a part of a useful article is considered a "useful article".

The author's "widow" or "widower" is the author's surviving spouse under the law of the author's domicile at the time of his or her death, whether or not the spouse has later remarried.

A "work of the United States Government" is a work prepared by an officer or employee of the United States Government as part of that person's official duties.

A "work made for hire" is--

(1) a work prepared by an employee within the scope of his or her employment; or

(2) a work specially ordered or commissioned for use as a contribution to a collective work, as a part of a motion picture or other audiovisual work, as a translation, as a supplementary work, as a compilation, as an instructional text, as a test, as answer material for a test, or as an atlas, if the parties expressly agree in a written instrument signed by them that the work shall be considered a work made for hire. For the purpose of the foregoing sentence, a "supplementary work" is a work prepared for publication as a secondary adjunct to a work by another author for the purpose of introducing, concluding, illustrating, explaining, revising, commenting upon, or assisting in the use of the other work, such as forewords, afterwords, pictorial illustrations, maps, charts, tables, editorial notes, musical arrangements, answer material for tests, bibliographies, appendixes, and indexes, and an "instructional text" is a literary, pictorial, or graphic work prepared for publication and with the purpose of use in systematic instructional activities.

#### **§ 104. Subject matter of copyright: National origin**

(a) **Unpublished works.** The works specified by sections 102 and 103, while unpublished, are subject to protection under this title without regard to the nationality or domicile of the author.

(b) **Published works.** The works specified by sections 102 and 103, when published, are subject to protection under this title if--

(1) on the date of first publication, one or more of the authors is a national or domiciliary of the United States, or is a national, domiciliary, or sovereign authority of a foreign nation that is a party to a copyright treaty to which the United States is also a party, or is a stateless person, wherever that person may be domiciled; or

(2) the work is first published in the United States or in a foreign nation that, on the date of first publication, is a party to the Universal Copyright Convention; or

(3) the work is first published by the United Nations or any of its specialized agencies, or by the Organization of American States; or

(4) *the work is a Berne Convention work; or*

(5) [O](4)[<O] the work comes within the scope of a Presidential proclamation. Whenever the President finds that a particular foreign nation extends, to works by authors who are nationals or domiciliaries of the United States or to works that are first published in the United States, copyright protection on substantially the same basis as that on which the foreign nation extends protection to works of its own nationals and domiciliaries and works first published in that nation, the President may by proclamation extend protection under this title to works of which one or more of the authors is, on the date of first publication, a national, domiciliary, or sovereign authority of that nation, or which was first published in that nation. The President may revise, suspend, or revoke any such proclamation or impose any conditions or limitations on protection under a proclamation.

(c) *Effect of Berne Convention.--No right or interest in a work eligible for protection under this title may be claimed by virtue of, or in reliance upon, the provisions of the Berne Convention, or the adherence of the United States thereto. Any rights in a work eligible for protection under this title that derive from this title, other Federal or State statutes, or the common law, shall not be expanded or reduced by virtue of, or in reliance upon, the provisions of the Berne Convention, or the adherence of the United States thereto.*

#### **§ 109. Limitations on exclusive rights: Effect of transfer of particular copy or phonorecord**

(a) Notwithstanding the provisions of section 106(3), the owner of a particular copy or phonorecord lawfully made under this title, or any person authorized by such owner, is entitled, without the authority of the copyright owner, to sell or otherwise dispose of the possession of that copy or phonorecord.

(b)(1) Notwithstanding the provisions of subsection (a), unless authorized by the owners of copyright in the sound recording and in the musical works embodied therein, the owner of a particular phonorecord may not, for purposes of direct or indirect commercial advantage, dispose of, or authorize the disposal of, the possession of that phonorecord by rental, lease, or lending, or by any other act or practice in the nature of rental, lease, or lending. Nothing in the preceding sentence shall apply to the rental, lease, or lending of a phonorecord for nonprofit purposes of a nonprofit library or nonprofit educational institution.

(2) Nothing in this subsection shall affect any provision of the antitrust laws. For purposes of the preceding sentence, "antitrust laws" has the meaning given that term in the first section of the Clayton Act and includes section 5 of the Federal Trade Commission Act to the extent that section relates to unfair methods of competition.

(3) Any person who distributes a phonorecord in violation of clause (1) is an infringer of copyright under section 501 of this title and is subject to the remedies set forth in sections 502, 503, 504, 505, and 509. Such violation shall not be a criminal offense under section 506 or cause such person to be subject to the criminal penalties set forth in section 2319 of title 18.

(c) Notwithstanding the provisions of section 106(5), the owner of a particular copy lawfully made under this title, or any person authorized by such owner, is entitled, without the authority of the copyright owner, to display that copy publicly, either directly or by the projection of no more than one image at a time, to viewers present at the place where the copy is located.

(d) The privileges prescribed by subsections (a) and (c) [O>(b)<O] do not, unless authorized by the copyright owner, extend to any person who has acquired possession of the copy or phonorecord from the *copyright* [O>coyright<O] owner by rental, lease, loan, or otherwise, without acquiring ownership of it.n\*

(As amended Oct. 4, 1984, Pub. L. 98-450, § 2 , 98 Stat. 1727, Nov. 5, 1988, Pub. L. 100-617, § 2 , 102 Stat. 3194.)

### § 111. Limitations on exclusive rights: Secondary transmissions

(a) **Certain secondary transmissions exempted.** The secondary transmission of a primary transmission embodying a performance or display of a work is not an infringement of copyright if--

(1) the secondary transmission is not made by a cable system, and consists entirely of the relaying, by the management of a hotel, apartment house, or similar establishment, of signals transmitted by a broadcast station licensed by the Federal Communications Commission, within the local service area of such station, to the private lodgings of guests or residents of such establishment, and no direct charge is made to see or hear the secondary transmission; or

(2) the secondary transmission is made solely for the purpose and under the conditions specified by clause (2) of section 110;

(3) the secondary transmission is made by any carrier who has no direct or indirect control over the content or selection of the primary transmission or over the particular recipients of the secondary transmission, and whose activities with respect to the secondary transmission consist solely of providing wire, cables, or other communications channels for the use of others: *Provided*, That the provisions of this clause extend only to the activities of said carrier with respect to secondary transmissions and do not exempt from liability the activities of others with respect to their own primary or secondary transmissions; [O>or<O]

(4) *the secondary transmission is made by a satellite carrier for private home viewing pursuant to a statutory license under section 119; or*

(5) [O>(4)<O] the secondary transmission is not made by a cable system but is made by a governmental body, or other nonprofit organization, without any purpose of direct or indirect commercial advantage, and without charge to the

recipients of the secondary transmission other than assessments necessary to defray the actual and reasonable costs of maintaining and operating the secondary transmission service.

**(b) Secondary transmission of primary transmission to controlled group.** Notwithstanding the provisions of subsections (a) and (c), the secondary transmission to the public of a primary transmission embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and 509, if the primary transmission is not made for reception by the public at large but is controlled and limited to reception by particular members of the public: *Provided*, however, That such secondary transmission is not actionable as an act of infringement if--

(1) the primary transmission is made by a broadcast station licensed by the Federal Communications Commission; and

(2) the carriage of the signals comprising the secondary transmission is required under the rules, regulations, or authorizations of the Federal Communications Commission; and

(3) the signal of the primary transmitter is not altered or changed in any way by the secondary transmitter.

**(c) Secondary transmissions by cable systems.**

(1) Subject to the provisions of clauses (2), (3), and (4) of this subsection, secondary transmissions to the public by a cable system of a primary transmission made by a broadcast station licensed by the Federal Communications Commission or by an appropriate governmental authority of Canada or Mexico and embodying a performance or display of a work shall be subject to compulsory licensing upon compliance with the requirements of subsection (d) where the carriage of the signals comprising the secondary transmission is permissible under the rules, regulations, or authorizations of the Federal Communications Commission.

(2) Notwithstanding the provisions of clause (1) of this subsection, the willful or repeated secondary transmission to the public by a cable system of a primary transmission made by a broadcast station licensed by the Federal Communications Commission or by an appropriate governmental authority of Canada or Mexico and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and 509, in the following cases:

(A) where the carriage of the signals comprising the secondary transmission is not permissible under the rules, regulations, or authorizations of the Federal Communications Commission; or

(B) where the cable system has not recorded the notice specified by subsection (d) and deposited the statement of account and royalty fee required by subsection (d).

(3) Notwithstanding the provisions of clause (1) of this subsection and subject to the provisions of subsection (e) of this section, the secondary transmission to the public by a cable system of a primary transmission made by a broadcast station licensed by the Federal Communications Commission or by an appropriate governmental authority of Canada or Mexico and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, if the content of the particular program in which the performance or display is embodied, or any commercial advertising or station announcements transmitted by the primary transmitter during, or immediately before or after, the transmission of such program, is in any way willfully altered by the cable system through changes, deletions, or additions, except for the alteration, deletion, or substitution of commercial advertisements performed by those engaged in television commercial advertising market research: *Provided*, That the research company has obtained the prior consent of the advertiser who has purchased the original commercial advertisement, the television station broadcasting that commercial advertisement, and the cable system performing the secondary transmission: *And provided further*, That such commercial alteration, deletion, or substitution is not performed for the purpose of deriving income from the sale of that commercial time.

(4) Notwithstanding the provisions of clause (1) of this subsection, the secondary transmission to the public by a cable system of a primary transmission made by a broadcast station licensed by an appropriate governmental authority

of Canada or Mexico and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and section 509, if (A) with respect to Canadian signals, the community of the cable system is located more than 150 miles from the United States-Canadian border and is also located south of the forty-second parallel of latitude, or (B) with respect to Mexican signals, the secondary transmission is made by a cable system which received the primary transmission by means other than direct interception of a free space radio wave emitted by such broadcast television station, unless prior to April 15, 1976, such cable system was actually carrying, or was specifically authorized to carry, the signal of such foreign station on the system pursuant to the rules, regulations, or authorizations of the Federal Communications Commission.

**(d) Compulsory license for secondary transmissions by cable systems.** (1) A cable system whose secondary transmissions have been subject to compulsory licensing under subsection (c) shall, on a semiannual basis, deposit with the Register of Copyrights, in accordance with requirements that the Register shall, after consultation with the Copyright Royalty Tribunal (if and when the Tribunal has been constituted), prescribe by regulation--

(A) a statement of account, covering the six months next preceding, specifying the number of channels on which the cable system made secondary transmissions to its subscribers, the names and locations of all primary transmitters whose transmissions were further transmitted by the cable system, the total number of subscribers, the gross amounts paid to the cable system for the basic service of providing secondary transmissions of primary broadcast transmitters, and such other data as the Register of Copyrights may, after consultation with the Copyright Royalty Tribunal (if and when the Tribunal has been constituted), from time to time prescribe by regulation. *In determining the total number of subscribers and the gross amounts paid to the cable system for the basic service of providing secondary transmissions of primary broadcast transmitters, the system shall not include subscribers and amounts collected from subscribers receiving transmissions for private home viewing pursuant to section 119.* Such statement shall also include a special statement of account covering any nonnetwork television programming that was carried by the cable system in whole or in part beyond the local service area of the primary transmitter, under rules, regulations, or authorizations of the Federal Communications Commission permitting the substitution or addition of signals under certain circumstances, together with logs showing the times, dates, stations, and programs involved in such substituted or added carriage; and

(B) except in the case of a cable system whose royalty is specified in subclause (C) or (D), a total royalty fee for the period covered by the statement, computed on the basis of specified percentages of the gross receipts from subscribers to the cable service during said period for the basic service of providing secondary transmissions of primary broadcast transmitters, as follows:

(i) 0.675 of 1 per centum of such gross receipts for the privilege of further transmitting any nonnetwork programming of a primary transmitter in whole or in part beyond the local service area of such primary transmitter, such amount to be applied against the fee, if any, payable pursuant to paragraphs (ii) through (iv);

(ii) 0.675 of 1 per centum of such gross receipts for the first distant signal equivalent;

(iii) 0.425 of 1 per centum of such gross receipts for each of the second, third, and fourth distant signal equivalents;

(iv) 0.2 of 1 per centum of such gross receipts for the fifth distant signal equivalent and each additional distant signal equivalent thereafter; and

in computing the amounts payable under paragraph (ii) through (iv), above, any fraction of a distant signal equivalent shall be computed at its fractional value and, in the case of any cable system located partly within and partly without the local service area of a primary transmitter, gross receipts shall be limited to those gross receipts derived from subscribers located without the local service area of such primary transmitter; and

(C) if the actual gross receipts paid by subscribers to a cable system for the period covered by the statement for the basic service of providing secondary transmissions of primary broadcast transmitters total \$ 80,000 or less, gross receipts of the cable system for the purpose of this subclause shall be computed by subtracting from such actual gross receipts the amount by which \$ 80,000 exceeds such actual gross receipts, except that in no case shall a cable system's gross receipts be reduced to less than \$ 3,000. The royalty fee payable under this subclause shall be 0.5 of 1 per centum, regardless of the number of distant signal equivalents, if any; and

(D) if the actual gross receipts paid by subscribers to a cable system for the period covered by the statement, for the basic service of providing secondary transmissions of primary broadcast transmitters, are more than \$ 80,000 but less than \$ 160,000, the royalty fee payable under this subclause shall be (i) 0.5 of 1 per centum of any gross receipts up to \$

80,000; and (ii) 1 per centum of any gross receipts in excess of \$ 80,000 but less than \$ 160,000, regardless of the number of distant signal equivalents, if any.

(2) The Register of Copyrights shall receive all fees deposited under this section and, after deducting the reasonable costs incurred by the Copyright Office under this section, shall deposit the balance in the Treasury of the United States, in such manner as the Secretary of the Treasury directs. All funds held by the Secretary of the Treasury shall be invested in interest-bearing United States securities for later distribution with interest by the Copyright Royalty Tribunal as provided by this title. The Register shall submit to the Copyright Royalty Tribunal, on a semiannual basis, a compilation of all statements of account covering the relevant six-month period provided by paragraph (1) of this subsection. (3) The royalty fees thus deposited shall, in accordance with the procedures provided by clause (4), be distributed to those among the following copyright owners who claim that their works were the subject of secondary transmissions by cable systems during the relevant semiannual period:

(A) any such owner whose work was included in a secondary transmission made by a cable system of a nonnetwork television program in whole or in part beyond the local service area of the primary transmitter; and

(B) any such owner whose work was included in a secondary transmission identified in a special statement of account deposited under paragraph (1)(A); and

(C) any such owner whose work was included in nonnetwork programming consisting exclusively of aural signals carried by a cable system in whole or in part beyond the local service area of the primary transmitter of such programs.

(4) The royalty fees thus deposited shall be distributed in accordance with the following procedures:

(A) During the month of July in each year, every person claiming to be entitled to compulsory license fees for secondary transmissions shall file a claim with the Copyright Royalty Tribunal, in accordance with requirements that the Tribunal shall prescribe by regulation. Notwithstanding any provisions of the antitrust laws, for purposes of this clause any claimants may agree among themselves as to the proportionate division of compulsory licensing fees among them, may lump their claims together and file them jointly or as a single claim, or may designate a common agent to receive payments on their behalf.

(B) After the first day of August of each year, the Copyright Royalty Tribunal shall determine whether there exists a controversy concerning the distribution of royalty fees. If the Tribunal determines that no such controversy exists, it shall, after deducting its reasonable administrative costs under this section, distribute such fees to the copyright owners entitled, or to their designated agents. If the Tribunal finds the existence of a controversy, it shall, pursuant to *chapter 8* of this title, conduct a proceeding to determine the distribution of royalty fees.

(C) During the pendency of any proceeding under this subsection, the Copyright Royalty Tribunal shall withhold from distribution an amount sufficient to satisfy all claims with respect to which a controversy exists, but shall have discretion to proceed to distribute any amounts that are not in controversy.

**(e) Nonsimultaneous secondary transmissions by cable systems.** (1) Notwithstanding those provisions of the second paragraph of subsection (f) relating to nonsimultaneous secondary transmissions by a cable system, any such transmissions are actionable as an act of infringement under section 501, and are fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, unless--

(A) the program on the videotape is transmitted no more than one time to the cable system's subscribers; and

(B) the copyrighted program, episode, or motion picture videotape, including the commercials contained within such program, episode, or picture, is transmitted without deletion or editing; and

(C) an owner or officer of the cable system (i) prevents the duplication of the videotape while in the possession of the system, (ii) prevents unauthorized duplication while in the possession of the facility making the videotape for the system if the system owns or controls the facility, or takes reasonable precautions to prevent such duplication if it does not own or control the facility, (iii) takes adequate precautions to prevent duplication while the tape is being transported, and (iv) subject to clause (2), erases or destroys, or causes the erasure or destruction of, the videotape; and

(D) within forty-five days after the end of each calendar quarter, an owner or officer of the cable system executes an affidavit attesting (i) to the steps and precautions taken to prevent duplication of the videotape, and (ii) subject to clause (2), to the erasure or destruction of all videotapes made or used during such quarter; and

(E) such owner or officer places or causes each such affidavit, and affidavits received pursuant to clause (2)(C), to be placed in a file, open to public inspection, at such system's main office in the community where the transmission is made or in the nearest community where such system maintains an office; and

(F) the nonsimultaneous transmission is one that the cable system would be authorized to transmit under the rules, regulations, and authorizations of the Federal Communications Commission in effect at the time of the nonsimultaneous transmission if the transmission had been made simultaneously, except that this subclause shall not apply to inadvertent or accidental transmissions.

(2) If a cable system transfers to any person a videotape of a program nonsimultaneously transmitted by it, such transfer is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and 509, except that, pursuant to a written, nonprofit contract providing for the equitable sharing of the costs of such videotape and its transfer, a videotape nonsimultaneously transmitted by it, in accordance with clause (1), may be transferred by one cable system in Alaska to another system in Alaska, by one cable system in Hawaii permitted to make such nonsimultaneous transmissions to another such cable system in Hawaii, or by one cable system in Guam, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands, to another cable system in any of those three territories, if--

(A) each such contract is available for public inspection in the offices of the cable systems involved, and a copy of such contract is filed, within thirty days after such contract is entered into, with the Copyright Office (which Office shall make each such contract available for public inspection); and

(B) the cable system to which the videotape is transferred complies with clause (1)(A), (B), (C)(i), (iii), and (iv), and (D) through (F); and (C) such system provides a copy of the affidavit required to be made in accordance with clause (1)(D) to each cable system making a previous nonsimultaneous transmission of the same videotape.

(3) This subsection shall not be construed to supersede the exclusivity protection provisions of any existing agreement, or any such agreement hereafter entered into, between a cable system and a television broadcast station in the area in which the cable system is located, or a network with which such station is affiliated.

(4) As used in this subsection, the term "videotape," and each of its variant forms, means the reproduction of the images and sounds of a program or programs broadcast by a television broadcast station licensed by the Federal Communications Commission, regardless of the nature of the material objects, such as tapes or films, in which the reproduction is embodied.

(f) **Definitions.** As used in this section, the following terms and their variant forms mean the following:

A "primary transmission" is a transmission made to the public by the transmitting facility whose signals are being received and further transmitted by the secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a low power television station, as defined by the rules and regulations of the Federal Communications Commission, the "local service area of a primary transmitter" comprises the area within 35 miles of the transmitter site, except that in the case of such a station located in a standard metropolitan statistical area which has one of the 50 largest populations of all standard metropolitan statistical areas (based on the 1980 decennial census of population taken by the Secretary of Commerce), the number of miles shall be 20 miles.

A "secondary transmission" is the further transmitting of a primary transmission simultaneously with the primary transmission, or nonsimultaneously with the primary transmission if by a "cable system" not located in whole or in part within the boundary of the forty-eight contiguous States, Hawaii, or Puerto Rico: *Provided, however,* That a nonsimultaneous further transmission by a cable system located in Hawaii of a primary transmission shall be deemed to be a secondary transmission if the carriage of the television broadcast signal comprising such further transmission is permissible under the rules, regulations, or authorizations of the Federal Communications Commission.

A "cable system" is a facility, located in any State, Territory, Trust Territory, or Possession, that in whole or in part receives signals transmitted or programs broadcast by one or more television broadcast stations licensed by the Federal Communications Commission, and makes secondary transmissions of such signals or programs by wires, cables, or other communications channels to subscribing members of the public who pay for such service. For purposes of determining the royalty fee under subsection (d)(1), two or more cable systems in contiguous communities under common ownership or control or operating from one headend shall be considered as one system.

The "local service area of a primary transmitter," in the case of a television broadcast station, comprises the area in which such station is entitled to insist upon its signal being retransmitted by a cable system pursuant to the rules, regulations, and authorizations of the Federal Communications Commission in effect on April 15, 1976, or in the case of a television broadcast station licensed by an appropriate governmental authority of Canada or Mexico, the area in which it would be entitled to insist upon its signal being retransmitted if it were a television broadcast station subject to such rules, regulations, and authorizations. In the case of a low power television station, as defined by the rules and regulations of the Federal Communications Commission, the "local service area of a primary transmitter" comprises the area within 35 miles of the transmitter site, except that in the case of such a station located in a standard metropolitan statistical area which has one of the 50 largest populations of all standard metropolitan statistical areas (based on the 1980 decennial census of population taken by the Secretary of Commerce), the number of miles shall be 20 miles. The "local service area of a primary transmitter," in the case of a radio broadcast station, comprises the primary service area of such station, pursuant to the rules and regulations of the Federal Communications Commission. pursuant to the rules, regulations, and authorizations of the Federal Communications Commission in effect on April 15, 1976, or in the case of a television broadcast station licensed by an appropriate governmental authority of Canada or Mexico, the area in which it would be entitled to insist upon its signal being retransmitted if it were a television broadcast station subject to such rules, regulations, and authorizations. The "local service area of a primary transmitter," in the case of a radio broadcast station, comprises the primary service area of such station, pursuant to the rules and regulations of the Federal Communications Commission.

A "distant signal equivalent" is the value assigned to the secondary transmission of any nonnetwork television programming carried by a cable system in whole or in part beyond the local service area of the primary transmitter of such programming. It is computed by assigning a value of one to each independent station and a value of one-quarter to each network station and noncommercial educational station for the nonnetwork programming so carried pursuant to the rules, regulations, and authorizations of the Federal Communications Commission. The foregoing values for independent, network, and noncommercial educational stations are subject, however, to the following exceptions and limitations. Where the rules and regulations of the Federal Communications Commission require a cable system to omit the further transmission of a particular program and such rules and regulations also permit the substitution of another program embodying a performance or display of a work in place of the omitted transmission, or where such rules and regulations in effect on the date of enactment of this Act permit a cable system, at its election, to effect such deletion and substitution of a nonlive program or to carry additional programs not transmitted by primary transmitters within whose local service area the cable system is located, no value shall be assigned for the substituted or additional program; where the rules, regulations, or authorizations of the Federal Communications Commission in effect on the date of enactment of this Act permit a cable system, at its election, to omit the further transmission of a particular program and such rules, regulations, or authorizations also permit the substitution of another program embodying a performance or display of a work in place of the omitted transmission, the value assigned for the substituted or additional program shall be, in the case of a live program, the value of one full distant signal equivalent multiplied by a fraction that has as its numerator the number of days in the year in which such substitution occurs and as its denominator the number of days in the year. In the case of a station carried pursuant to the late-night or specialty programming rules of the Federal Communications Commission, or a station carried on a part-time basis where full-time carriage is not possible because the cable system lacks the activated channel capacity to retransmit on a full-time basis all signals which it is authorized to carry, the values for independent, network, and noncommercial educational stations set forth above, as the case may be, shall be multiplied by a fraction which is equal to the ratio of the broadcast hours of such station carried by the cable system to the total broadcast hours of the station.

A "network station" is a television broadcast station that is owned or operated by, or affiliated with, one or more of the television networks in the United States providing nationwide transmissions, and that transmits a substantial part of the programming supplied by such networks for a substantial part of that station's typical broadcast day.

An "independent station" is a commercial television broadcast station other than a network station.

A "noncommercial educational station" is a television station that is a noncommercial educational broadcast station as defined in section 397 of title 47.

*§ 116. Scope of exclusive rights in nondramatic musical works: Compulsory licenses for public performances by means of coin-operated phonorecord players*

[O>§ 116. Scope of exclusive rights in nondramatic musical works: Public performances by means of coin-operated phonorecord players<O]

(a) **Limitation on exclusive right.** In the case of a nondramatic musical work embodied in a phonorecord *the performance of which is subject to this section as provided in section 116A*, the exclusive right under clause (4) of section 106 to perform the work publicly by means of a coin-operated phonorecord player is limited as follows:

(1) The proprietor of the establishment in which the public performance takes place is not liable for infringement with respect to such public performance unless--

(A) such proprietor is the operator of the phonorecord player; or

(B) such proprietor refuses or fails, within one month after receipt by registered or certified mail of a request, at a time during which the certificate required by clause (1)(C) of subsection (b) is not affixed to the phonorecord player, by the copyright owner, to make full disclosure, by registered or certified mail, of the identity of the operator of the phonorecord player.

(2) The operator of the coin-operated phonorecord player may obtain a compulsory license to perform the work publicly on that phonorecord player by filing the application, affixing the certificate, and paying the royalties provided by subsection (b).

(b) **Recordation of coin-operated phonorecord player, affixation of certificate, and royalty payable under compulsory license.**

(1) Any operator who wishes to obtain a compulsory license for the public performance of works on a coin-operated phonorecord player shall fulfill the following requirements:

(A) Before or within one month after such performances are made available on a particular phonorecord player, and during the month of January in each succeeding year that such performances are made available on that particular phonorecord player, the operator shall file in the Copyright Office, in accordance with requirements that the Register of Copyrights, after consultation with the Copyright Royalty Tribunal (if and when the Tribunal has been constituted), shall prescribe by regulation, an application containing the name and address of the operator of the phonorecord player and the manufacturer and serial number or other explicit identification of the phonorecord player, and deposit with the Register of Copyrights a royalty fee for the current calendar year of \$ 8 for that particular phonorecord player. If such performances are made available on a particular phonorecord player for the first time after July 1 of any year, the royalty fee to be deposited for the remainder of that year shall be \$ 4.

(B) Within twenty days of receipt of an application and a royalty fee pursuant to subclause (A), the Register of Copyrights shall issue to the applicant a certificate for the phonorecord player.

(C) On or before March 1 of the year in which the certificate prescribed by subclause (B) of this clause is issued, or within ten days after the date of issue of the certificate, the operator shall affix to the particular phonorecord player, in a position where it can be readily examined by the public, the certificate, issued by the Register of Copyrights under subclause (B), of the latest application made by such operator under subclause (A) of this clause with respect to that phonorecord player.

(2) Failure to file the application, to affix the certificate, or to pay the royalty required by clause (1) of this subsection renders the public performance actionable as an act of infringement under section 501 and fully subject to the remedies provided by sections 502 through 506 and 509.

(c) **Distribution of royalties.** (1) The Register of Copyrights shall receive all fees deposited under this section and, after deducting the reasonable costs incurred by the Copyright Office under this section, shall deposit the balance in the Treasury of the United States, in such manner as the Secretary of the Treasury directs. All funds held by the Secretary of the Treasury shall be invested in interest-bearing United States securities for later distribution with interest by the Copyright Royalty Tribunal as provided by this title. The Register shall submit to the Copyright Royalty Tribunal, on an annual basis, a detailed statement of account covering all fees received for the relevant period provided by subsection (b).

(2) During the month of January in each year, every person claiming to be entitled to compulsory license fees under this section for performances during the preceding twelve-month period shall file a claim with the Copyright Royalty Tribunal, in accordance with requirements that the Tribunal shall prescribe by regulation. Such claim shall include an agreement to accept as final, except as provided in section 810 of this title, the determination of the Copyright Royalty Tribunal in any controversy concerning the distribution of royalty fees deposited under subclause (A) of subsection (b)(1) of this section to which the claimant is a party. Notwithstanding any provisions of the antitrust laws, for purposes of this subsection any claimants may agree among themselves as to the proportionate division of compulsory licensing fees among them, may lump their claims together and file them jointly or as a single claim, or may designate a common agent to receive payment on their behalf.

(3) After the first day of October of each year, the Copyright Royalty Tribunal shall determine whether there exists a controversy concerning the distribution of royalty fees deposited under subclause (A) of subsection (b)(1). If the Tribunal determines that no such controversy exists, it shall, after deducting its reasonable administrative costs under this section, distribute such fees to the copyright owners entitled, or to their designated agents. If it finds that such a controversy exists, it shall, pursuant to *chapter 8* of this title, conduct a proceeding to determine the distribution of royalty fees.

(4) The fees to be distributed shall be divided as follows:

(A) to every copyright owner not affiliated with a performing rights society, the pro rata share of the fees to be distributed to which such copyright owner proves entitlement.

(B) to the performing rights societies, the remainder of the fees to be distributed in such pro rata shares as they shall by agreement stipulate among themselves, or, if they fail to agree, the pro rata share to which such performing rights societies prove entitlement.

(C) during the pendency of any proceeding under this section, the Copyright Royalty Tribunal shall withhold from distribution an amount sufficient to satisfy all claims with respect to which a controversy exists, but shall have discretion to proceed to distribute any amounts that are not in controversy.

(5) The Copyright Royalty Tribunal shall promulgate regulations under which persons who can reasonably be expected to have claims may, during the year in which performances take place, without expense to or harassment of operators or proprietors of establishments in which phonorecord players are located, have such access to such establishments and to the phonorecord players located therein and such opportunity to obtain information with respect thereto as may be reasonably necessary to determine, by sampling procedures or otherwise, the proportion of contribution of the musical works of each such person to the earnings of the phonorecord players for which fees shall have been deposited. Any person who alleges that he or she has been denied the access permitted under the regulations prescribed by the Copyright Royalty Tribunal may bring an action in the United States District Court for the District of Columbia for the cancellation of the compulsory license of the phonorecord player to which such access has been denied, and the court shall have the power to declare the compulsory license thereof invalid from the date of issue thereof.

(d) **Criminal penalties.** Any person who knowingly makes a false representation of a material fact in an application filed under clause (1)(A) of subsection (b), or who knowingly alters a certificate issued under clause (1)(B) of subsection (b) or knowingly affixes such a certificate to a phonorecord player other than the one it covers, shall be fined not more than \$ 2,500.

(e) **Definitions.** As used in this section and section 116A, the following terms and their variant forms mean the following:

(1) A "coin-operated phonorecord player" is a machine or device that--

(A) is employed solely for the performance of nondramatic musical works by means of phonorecords upon being activated by insertion of coins, currency, tokens, or other monetary units or their equivalent;

(B) is located in an establishment making no direct or indirect charge for admission;

(C) is accompanied by a list of the titles of all the musical works available for performance on it, which list is affixed to the phonorecord player or posted in the establishment in a prominent position where it can be readily examined by the public; and

(D) affords a choice of works available for performance and permits the choice to be made by the patrons of the establishment in which it is located.

(2) An "operator" is any person who, alone or jointly with others:

(A) owns a coin-operated phonorecord player; or

(B) has the power to make a coin-operated phonorecord player available for placement in an establishment for purposes of public performance; or

(C) has the power to exercise primary control over the selection of the musical works made available for public performance on a coin-operated phonorecord player.

(3) A "performing right society" is an association or corporation that licenses the public performance of nondramatic musical works on behalf of the copyright owners, such as the American Society of Composers, Authors and Publishers, Broadcast Music, Inc., and SESAC, Inc.

*§ 116A. Negotiated licenses for public performances by means of coin-operated phonorecord players*

*(a) Applicability of Section.--This section applies to any nondramatic musical work embodied in a phonorecord.*

*(b) Limitation on Exclusive Right if Licenses Not Negotiated.--*

*(1) Applicability.--In the case of a work to which this section applies, the exclusive right under clause (4) of section 106 to perform the work publicly by means of a coin-operated phonorecord player is limited by section 116 to the extent provided in this section.*

*(2) Determination by copyright royalty tribunal.--The Copyright Royalty Tribunal, at the end of the 1-year period beginning on the effective date of the Berne Convention Implementation Act of 1988, and periodically thereafter to the extent necessary to carry out subsection (f), shall determine whether or not negotiated licenses authorized by subsection (c) are in effect so as to provide permission to use a quantity of musical works not substantially smaller than the quantity of such works performed on coin-operated phonorecord players during the 1-year period ending on the effective date of that Act. If the Copyright Royalty Tribunal determines that such negotiated licenses are not so in effect, the Tribunal shall, upon making the determination, publish the determination in the Federal Register. Upon such publication, section 116 shall apply with respect to musical works that are not the subject of such negotiated licenses.*

*(c) Negotiated Licenses.--*

*(1) Authority for negotiations.--Any owners of copyright in works to which this section applies and any operators of coin-operated phonorecord players may negotiate and agree upon the terms and rates of royalty payments for the performance of such works and the proportionate division of fees paid among copyright owners, and may designate common agents to negotiate, agree to, pay, or receive such royalty payments.*

(2) *Arbitration.*--Parties to such a negotiation, within such time as may be specified by the Copyright Royalty Tribunal by regulation, may determine the result of the negotiation by arbitration. Such arbitration shall be governed by the provisions of title 9, to the extent such title is not inconsistent with this section. The parties shall give notice to the Copyright Royalty Tribunal of any determination reached by arbitration and any such determination shall, as between the parties to the arbitration, be dispositive of the issues to which it relates.

(d) *License Agreements Superior to Copyright Royalty Tribunal Determinations.*--License agreements between one or more copyright owners and one or more operators of coin-operated phonorecord players, which are negotiated in accordance with subsection (c), shall be given effect in lieu of any otherwise applicable determination by the Copyright Royalty Tribunal.

(e) *Negotiation Schedule.*--Not later than 60 days after the effective date of the Berne Convention Implementation Act of 1988, if the Chairman of the Copyright Royalty Tribunal has not received notice, from copyright owners and operators of coin-operated phonorecord players referred to in subsection (c)(1), of the date and location of the first meeting between such copyright owners and such operators to commence negotiations authorized by subsection (c), the Chairman shall announce the date and location of such meeting. Such meeting may not be held more than 90 days after the effective date of such Act.

(f) *Copyright Royalty Tribunal To Suspend Various Activities.*--The Copyright Royalty Tribunal shall not conduct any ratemaking activity with respect to coin-operated phonorecord players unless, at any time more than one year after the effective date of the Berne Convention Implementation Act of 1988, the negotiated licenses adopted by the parties under this section do not provide permission to use a quantity of musical works not substantially smaller than the quantity of such works performed on coin-operated phonorecord players during the one-year period ending on the effective date of such Act.

(g) *Transition Provisions; Retention of Copyright Royalty Tribunal Jurisdiction.*--Until such time as licensing provisions are determined by the parties under this section, the terms of the compulsory license under section 116, with respect to the public performance of nondramatic musical works by means of coin-operated phonorecord players, which is in effect on the day before the effective date of the Berne Convention Implementation Act of 1988, shall remain in force. If a negotiated license authorized by this section comes into force so as to supersede previous determinations of the Copyright Royalty Tribunal, as provided in subsection (d), but thereafter is terminated or expires and is not replaced by another licensing agreement, then section 116 shall be effective with respect to musical works that were the subject of such terminated or expired licenses.

**§ 119. Limitations on exclusive rights: Secondary transmissions of superstations and network stations for private home viewing**

**(a) Secondary Transmissions by Satellite Carriers.--**

(1) *Superstations.*--Subject to provisions of paragraphs (3), (4), and (6) of this subsection, transmissions of a primary transmission made by a superstation and embodying a performance or display of a work shall be subject to statutory licensing under this section if the secondary transmission is made by a satellite carrier to the public for private home viewing, and the carrier makes a direct or indirect charge for each retransmission service to each household receiving the secondary transmission or to a distributor that has contracted with the carrier for direct or indirect delivery of the secondary transmission to the public for private home viewing.

(2) *Network stations.*--

(A) *In general.*--Subject to the provisions of subparagraphs (B) and (C) of this paragraph and paragraphs (3), (4), (5), and (6) of this subsection, secondary transmissions of programming contained in a primary transmission made by a network station and embodying a performance or display of a work shall be subject to statutory licensing under this section if the secondary transmission is made by a satellite carrier to the public for private home viewing, and the carrier makes a direct or indirect charge for such retransmission service to each subscriber receiving the secondary transmission.

*(B) Secondary transmissions to unserved households.--The statutory license provided for in subparagraph (A) shall be limited to secondary transmissions to person who reside in unserved households.*

*(C) Submission of subscriber lists to Networks.--A satellite carrier that makes secondary transmissions of a primary transmission made by a network station pursuant to subparagraph (A) shall, 90 days after the effective date of the Satellite Home Viewer Act of 1988, or 90 days after commencing such secondary transmissions, whichever is later, submit to the network that owns or is affiliated with the network station a list identifying (by street address, including county and zip code) all subscribers to which the satellite carrier currently makes secondary transmissions of that primary transmission. Thereafter, on the 15th of each month, the satellite carrier shall submit to the network a list identifying (by street address, including county and zip code) any persons who have been added or dropped as such subscribers since the last submission under this subparagraph. Such subscriber information submitted by a satellite carrier may be used only for purposes of monitoring compliance by the satellite carrier with this subsection. The submission requirements of this subparagraph shall apply to a satellite carrier only if the network to whom the submissions are to be made places on file with the Register of Copyrights, on or after the effective date of the Satellite Home Viewer Act of 1988, a document identifying the name and address of the person to whom such submissions are to be made. The Register shall maintain for public inspection a file of all such documents.*

*(3) Noncompliance with reporting and payment requirements.--Notwithstanding the provisions of paragraphs (1) and (2), the willful or repeated secondary transmission to the public by a satellite carrier of a primary transmission made by a superstation or a network station and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and 509, where the satellite carrier has not deposited the statement of account and royalty fee required by subsection (b), or has failed to make the submissions to networks required by paragraph (2)(C).*

*(4) Willful alterations.--Notwithstanding the provisions of paragraphs (1) and (2), the secondary transmission to the public by a satellite carrier of a primary transmission made by a superstation or a network station and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, if the content of the particular program in which the performance or display is embodied, or any commercial advertising or station announcement transmitted by the primary transmitter during, or immediately before or after, the transmission of such program, is in any way willfully altered by the satellite carrier through changes, deletions, or additions, or is combined with programming from any other broadcast signal.*

*(5) Violation of Territorial Restrictions on Statutory License for Network Stations.--*

*(A) Individual violations.--The willful or repeated secondary transmission by a satellite carrier of a primary transmission made by a network station and embodying a performance or display of a work to a subscriber who does not reside in an unserved household is actionable as an act of infringement under section 501 and is fully subject to the remedies provided by sections 502 through 506 and 509, except that--*

*(i) no damages shall be awarded for such act of infringement if the satellite carrier took corrective action by promptly withdrawing service from the ineligible subscriber, and*

*(ii) any statutory damages shall not exceed \$ 5 for such subscriber for each month during which the violation occurred.*

*(B) Pattern of violations.--If a satellite carrier engages in a willful or repeated pattern or practice of delivering a primary transmission made by a network station and embodying a performance or display of a work to subscribers who do not reside in unserved households, then in addition to the remedies set forth in subparagraph (A)--*

*(i) If the pattern or practice has been carried out on a substantially nationwide basis, the court shall order a permanent injunction barring the secondary transmission by the satellite carrier, for private home viewing, of the primary transmissions of any primary network station affiliated with the same network, and the court may order statutory damages of not to exceed \$ 250,000 for each 6-month period during which the pattern or practice was carried out; and*

*(ii) if the pattern or practice has been carried out on a local or regional basis, the court shall order a permanent injunction barring the secondary transmission, for private home viewing in that locality or region, by the satellite*

carrier of the primary transmissions of any primary network station affiliated with the same network, and the court may order statutory damages of not to exceed \$ 250,000 for each 6-month period during which the pattern or practice was carried out.

(C) *Previous subscribers excluded.*--Subparagraphs (A) and (B) do not apply to secondary transmissions by a satellite carrier to persons who subscribed to receive such secondary transmissions from the satellite carrier or a distributor before the date of the enactment of the Satellite Home Viewer Act of 1988.

(6) *Discrimination by a satellite carrier.*--Notwithstanding the provisions of paragraph (1), the willful or repeated secondary transmission to the public by a satellite carrier of a primary transmission made by a superstation or a network station and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and 509, if the satellite carrier unlawfully discriminates against distributor.

(7) *Geographic Limitation on secondary transmissions.*--The statutory license created by this section shall apply only to secondary transmissions to households located in the United States.

**(b) *Statutory License for Secondary Transmissions for Private Home Viewing.*--**

(1) *Deposits with the register of copyrights.*--A satellite carrier whose secondary transmissions are subject to statutory licensing under subsection (a) shall, on a semiannual basis, deposit with the Register of Copyrights, in accordance with requirements that the Register shall, after consultation with the Copyright Royalty Tribunal, prescribe by regulation--

(A) a statement of account, covering the preceding 6-month period, specifying the names and locations of all superstations and network stations whose signals were transmitted, at any time during that period, to subscribers for private home viewing as described in subsections (a)(1) and (a)(2), the total number of subscribers that received such transmissions, and such other data as the Register of Copyrights may, after consultation with the Copyright Royalty Tribunal, from time to time prescribe by regulation; and

(B) a royalty fee for that 6-month period, computed by--

(i) multiplying the total number of subscribers receiving each secondary transmission of a superstation during each calendar month by 12 cents;

(ii) multiplying the number of subscribers receiving each secondary transmission of a network station during each calendar month by 3 cents; and

(iii) adding together the totals computed under clauses (i) and (ii).

(2) *Investment of fees.*--The Register of Copyrights shall receive all fees deposited under this section and, after deducting the reasonable costs incurred by the Copyright Office under this section (other than the costs deducted under paragraph (4)), shall deposit the balance in the Treasury of the United States, in such manner as the Secretary of the Treasury directs. All funds held by the Secretary of the Treasury shall be invested in interest-bearing securities of the United States for later distribution with interest by the Copyright Royalty Tribunal as provided by this title.

(3) *Persons to whom fees are distributed.*--The royalty fees deposited under paragraph (2) shall, in accordance with the procedures provided by paragraph (4), be distributed to those copyright owners whose works were included in a secondary transmission for private home viewing made by a satellite carrier during the applicable 6-month accounting period and who file a claim with the Copyright Royalty Tribunal under paragraph (4).

(4) *Procedures for distribution.*--The royalty fees deposited under paragraph (2) shall be distributed in accordance with the following procedures:

(A) *Filing of claims for fees.*--During the month of July in each year, each person claiming to be entitled to statutory license fees for secondary transmissions for private home viewing shall file a claim with the Copyright Royalty Tribunal, in accordance with requirements that the Tribunal shall prescribe by regulation. For purposes of this

paragraph, any claimants may agree among themselves as to the proportionate division of statutory license fees among them, may lump their claims together and file them jointly or as a single claim, or may designate a common agent to receive payment on their behalf.

(B) *Determination of controversy; distributions.*--After the first day of August of each year, the Copyright Royalty Tribunal shall determine whether there exists a controversy concerning the distribution of royalty fees. If the Tribunal determines that no such controversy exists, the Tribunal shall, after deducting reasonable administrative costs under this paragraph, distribute such fees to the copyright owners entitled to receive them, or to their designated agents. If the Tribunal finds the existence of a controversy, the Tribunal shall, pursuant to chapter 8 of this title, conduct a proceeding to determine the distribution of royalty fees.

(C) *Withholding of fees during controversy.*--During the pendency of any proceeding under this subsection, the Copyright Royalty Tribunal shall withhold from distribution an amount sufficient to satisfy all claims with respect to which a controversy exists, but shall have discretion to proceed to distribute any amounts that are not in controversy.

**(c) Determination of Royalty Fees.--**

(1) *Applicability and determination of royalty fees.*--The rate of the royalty fee payable under subsection (b)(1)(B) shall be effective until December 31, 1992, unless a royalty fee is established under paragraph (2), (3), or (4) of this subsection. After that date, the fee shall be determined either in accordance with the voluntary negotiation procedure specified in paragraph (2) or in accordance with the compulsory arbitration procedure specified in paragraphs (3) and (4).

**(2) Fee set by voluntary negotiation.--**

(A) *Notice of initiation of proceedings.*--On or before July 1, 1991, the Copyright Royalty Tribunal shall cause notice to be published in the Federal Register of the initiation of voluntary negotiation proceedings for the purpose of determining the royalty fee to be paid by satellite carriers under subsection (b)(1)(B).

(B) *Negotiations.*--Satellite carriers, distributors, and copyright owners entitled to royalty fees under this section shall negotiate in good faith in an effort to reach a voluntary agreement or voluntary agreements for the payment of royalty fees. Any such satellite carriers, distributors, and copyright owners may at any time negotiate and agree to the royalty fee, and may designate common agents to negotiate, agree to, or pay such fees. If the parties fail to identify common agents, the Copyright Royalty Tribunal shall do so, after requesting recommendations from the parties to the negotiation proceeding. The parties to each negotiation proceeding shall bear the entire cost thereof.

(C) *Agreements binding on parties; filing of agreements.*--Voluntary agreements negotiated at any time in accordance with this paragraph shall be binding upon all satellite carriers, distributors, and copyright owners that are parties thereto. Copies of such agreements shall be filed with the Copyright Office within 30 days after execution in accordance with regulations that the Register of Copyrights shall prescribe.

(D) *Period agreement is in effect.*--The obligation to pay the royalty fees established under a voluntary agreement which has been filed with the Copyright Office in accordance with this paragraph shall become effective on the date specified in the agreement, and shall remain in effect until December 31, 1994.

**(3) Fee set by compulsory arbitration.--**

(A) *Notice of initiation of proceedings.*--On or before December 31, 1991, the Copyright Royalty Tribunal shall cause notice to be published in the Federal Register of the initiation of arbitration proceedings for the purpose of determining a reasonable royalty fee to be paid under subsection (b)(1)(B) by satellite carriers who are not parties to a voluntary agreement filed with the Copyright Office in accordance with paragraph (2). Such notice shall include the names and qualifications of potential arbitrators chosen by the Tribunal from a list of available arbitrators obtained from the American Arbitration Association or such similar organization as the Tribunal shall select.

(B) *Selection of arbitration panel.*--Not later than 10 days after publication of the notice initiating an arbitration proceeding, and in accordance with procedures to be specified by the Copyright Royalty Tribunal, one arbitrator shall be selected from the published list by copyright owners who claim to be entitled to royalty fees under subsection (b)(4)

and who are not party to a voluntary agreement filed with the Copyright Office in accordance with paragraph (2), and one arbitrator shall be selected from the published list by satellite carriers and distributors who are not parties to such a voluntary agreement. The two arbitrators so selected shall, within 10 days after their selection, choose a third arbitrator from the same list, who shall serve as chairperson of the arbitrators. If either group fail to agree upon the selection of an arbitrator, or if the arbitrators selected by such groups fail to agree upon the selection of a chairperson, the Copyright Royalty Tribunal shall promptly select the arbitrator or chairperson, respectively. The arbitrators selected under this subparagraph shall constitute an Arbitration Panel.

(C) *Arbitration proceeding.*--The Arbitration Panel shall conduct an arbitration proceeding in accordance with such procedures as it may adopt. The Panel shall act on the basis of a fully documented written record. Any copyright owner who claims to be entitled to royalty fees under subsection (b)(4), any satellite carrier, and any distributor, who is not party to a voluntary agreement filed with the Copyright Office in accordance with paragraph (2), may submit relevant information and proposals to the Panel. The parties to the proceeding shall bear the entire cost thereof in such manner and proportion as the Panel shall direct.

(D) *Factors for determining royalty fees.*--In determining royalty fees under this paragraph, the Arbitration Panel shall consider the approximate average cost to a cable system for the right to secondarily transmit to the public a primary transmission made by a broadcast station, the fee established under any voluntary agreement filed with the Copyright Office in accordance with paragraph (2), and the last fee proposed by the parties, before proceedings under this paragraph, for the secondary transmission of superstations or network stations for private home viewing. The fee shall also be calculated to achieve the following objectives:

(i) *To maximize the availability of creative works to the public.*

(ii) *To afford the copyright owner a fair return for his or her creative work and the copyright user a fair income under existing economic conditions.*

(iii) *to reflect the relative roles of the copyright owner and the copyright user in the product made available to the public with respect to relative creative contribution, technological contribution, capital investment, cost, risk, and contribution to the opening of new markets for creative expression and media for their communication.*

(iv) *to minimize any disruptive impact on the structure of the industries involved and on generally prevailing industry practices.*

(E) *Report to copyright royalty tribunal.*--Not later than 60 days after publication of the notice initiating an arbitration proceeding, the Arbitration Panel shall report to the Copyright Royalty Tribunal its determination concerning the royalty fee. Such report shall be accompanied by the written record, and shall set forth the facts that the Panel found relevant to its determination and the reasons why its determination is consistent with the criteria set forth in subparagraph (D).

(F) *Action by copyright royalty tribunal.*--Within 60 days after receiving the report of the Arbitration Panel under subparagraph (E), the Copyright Royalty Tribunal shall adopt or reject the determination of the Panel. The Tribunal shall adopt the determination of the Panel unless the Tribunal finds that the determination is clearly inconsistent with the criteria set forth in subparagraph (D). If the Tribunal rejects the determination of the Panel, the Tribunal shall, before the end of that 60-day period, and after full examination of the record created in the arbitration proceeding, issue an order, consistent with the criteria set forth in subparagraph (D), setting the royalty fee under this paragraph. The Tribunal shall cause to be published in the Federal Register the determination of the Panel, and the decision of the Tribunal with respect to the determination (including any order issued under the preceding sentence). The Tribunal shall also publicize such determination and decision in such other manner as the Tribunal considers appropriate. The Tribunal shall also make the report of the Arbitration Panel and the accompanying record available for public inspection and copying.

(G) *Period during which decision of panel or order of the tribunal effective.*--The obligation to pay the royalty fee established under a determination of the Arbitration Panel which is confirmed by the Copyright Royalty Tribunal in accordance with this paragraph, or established by any order issued under subparagraph (F), shall become effective on the date when the decision of the Tribunal is published in the Federal Register under subparagraph (F), and shall remain in effect until modified in accordance with paragraph (4), or until December 31, 1994.

*(H) Persons subject to royalty fee.--The royalty fee adopted or ordered under subparagraph (F) shall be binding of all satellite carriers, distributors, and copyright owners, who are not party to a voluntary agreement filed with the Copyright Office under paragraph (2).*

*(4) Judicial review.--Any decision of the Copyright Royalty Tribunal under paragraph (3) with respect to a determination of the Arbitration Panel may be appealed, by any aggrieved party who would be bound by the determination, to the United States Court of Appeals for the District of Columbia Circuit, within 30 days after the publication of the decision in the Federal Register. The pendency of an appeal under this paragraph shall not relieve satellite carriers of the obligation under subsection (b)(1) to deposit the statement of account and royalty fees specified in that subsection. The court shall have jurisdiction to modify or vacate a decision of the Tribunal only if it finds, on the basis of the record before the Tribunal and the statutory criteria set forth in paragraph (3)(D), that the Arbitration Panel or the Tribunal acted in an arbitrary manner. If the court modifies the decision of the Tribunal, the court shall have jurisdiction to enter its own determination with respect to royalty fees, to order the repayment of any excess fees deposited under subsection (b)(1)(B), and to order the payment of any unpaid fees, and the interest pertaining respectively thereto, in accordance with its final judgment. The court may further vacate the decision of the Tribunal and remand the case for arbitration proceedings in accordance with paragraph (3).*

## **§ 205. Recordation of transfers and other documents**

**(a) Conditions for recordation.** Any transfer of copyright ownership or other document pertaining to a copyright may be recorded in the Copyright Office if the document filed for recordation bears the actual signature of the person who executed it, or if it is accompanied by a sworn or official certification that it is a true copy of the original, signed document.

**(b) Certificate of recordation.** The Register of Copyrights shall, upon receipt of a document as provided by subsection (a) and of the fee provided by section 708, record the document and return it with a certificate of recordation.

**(c) Recordation as constructive notice.** Recordation of a document in the Copyright Office gives all persons constructive notice of the facts stated in the recorded document, but only if--

(1) the document, or material attached to it, specifically identifies the work to which it pertains so that, after the document is indexed by the Register of Copyrights, it would be revealed by a reasonable search under the title or registration number of the work; and

(2) registration has been made for the work.

[O>(d) **Recordation as prerequisite to infringement suit.** No person claiming by virtue of a transfer to be the owner of copyright or of any exclusive right under a copyright is entitled to institute an infringement action under this title until the instrument of transfer under which such person claims has been recorded in the Copyright Office, but suit may be instituted after such recordation on a cause of action that arose before recordation.<O]

(d) [O>(e)<O] **Priority between conflicting transfers.** As between two conflicting transfers, the one executed first prevails if it is recorded, in the manner required to give constructive notice under subsection (c), within one month after its execution in the United States or within two months after its execution outside the United States, or at any time before recordation in such manner of the later transfer. Otherwise the later transfer prevails if recorded first in such manner, and if taken in good faith, for valuable consideration or on the basis of a binding promise to pay royalties, and without notice of the earlier transfer.

(e) [O>(f)<O] **Priority between conflicting transfer of ownership and nonexclusive license.** A nonexclusive license, whether recorded or not, prevails over a conflicting transfer of copyright ownership if the license is evidenced by a written instrument signed by the owner of the rights licensed or such owner's duly authorized agent, and if--

(1) the license was taken before execution of the transfer; or

(2) the license was taken in good faith before recordation of the transfer and without notice of it.

**§ 301. Preemption with respect to other laws**

(a) On and after January 1, 1978, all legal or equitable rights that are equivalent to any of the exclusive rights within the general scope of copyright as specified by section 106 in works of authorship that are fixed in a tangible medium of expression and come within the subject matter of copyright as specified by sections 102 and 103, whether created before or after that date and whether published or unpublished, are governed exclusively by this title. Thereafter, no person is entitled to any such right or equivalent right in any such work under the common law or statutes of any State.

(b) Nothing in this title annuls or limits any rights or remedies under the common law or statutes of any State with respect to--

(1) subject matter that does not come within the subject matter of copyright as specified by sections 102 and 103, including works of authorship not fixed in any tangible medium of expression; or

(2) any cause of action arising from undertakings commenced before January 1, 1978; or

(3) activities violating legal or equitable rights that are not equivalent to any of the exclusive rights within the general scope of copyright as specified by section 106.

(c) With respect to sound recordings fixed before February 15, 1972, any rights or remedies under the common law or statutes of any State shall not be annulled or limited by this title until February 15, 2047. The preemptive provisions of subsection (a) shall apply to any such rights and remedies pertaining to any cause of action arising from undertakings commenced on and after February 15, 2047. Notwithstanding the provisions of section 303, no sound recording fixed before February 15, 1972, shall be subject to copyright under this title before, on, or after February 15, 2047.

(d) Nothing in this title annuls or limits any rights or remedies under any other Federal statute.

(e) *The scope of Federal preemption under this section is not affected by the adherence of the United States to the Berne Convention or the satisfaction of obligations of the United States thereunder.*

(a) **General Provisions.** [O>requirement.<O] -- Whenever a work protected under this title is published in the United States or elsewhere by authority of the copyright owner, a notice of copyright as provided by this section *may be placed on* [O>shall be placed on all<O] publicly distributed copies from which the work can be visually perceived, either directly or with the aid of a machine or device.

(b) **Form of notice.** *If a notice appears on the copies, it* [O>The notice appearing on the copies<O] shall consist of the following three elements:

(1) the symbol (c) (the letter C in a circle), or the word "Copyright," or the abbreviation "Copr."; and

(2) the year of first publication of the work; in the case of compilations or derivative works incorporating previously published material, the year date of first publication of the compilation or derivative work is sufficient. The year date may be omitted where a pictorial, graphic, or sculptural work, with accompanying text matter, if any, is reproduced in or on greeting cards, postcards, stationery, jewelry, dolls, toys, or any useful articles; and

(3) the name of the owner of copyright in the work, or an abbreviation by which the name can be recognized, or a generally known alternative designation of the owner.

(c) **Position of notice.** The notice shall be affixed to the copies in such manner and location as to give reasonable notice of the claim of copyright. The Register of Copyrights shall prescribe by regulation, as examples, specific methods of affixation and positions of the notice on various types of works that will satisfy this requirement, but these specifications shall not be considered exhaustive.

*(d) Evidentiary Weight of Notice.--If a notice of copyright in the form and position specified by this section appears on the published copy or copies to which a defendant in a copyright infringement suit had access, then no weight shall be given to such a defendant's interposition of a defense based on innocent infringement in mitigation of actual or statutory damages, except as provided in the last sentence of section 504(c)(2).*

#### § 402. Notice of copyright: Phonorecords of sound recordings

(a) **General Provisions.** -- [O>(a) **General requirement.<O]** Whenever a sound recording protected under this title is published in the United States or elsewhere by authority of the copyright owner, a notice of copyright as provided by this section *may be placed on* [O>shall be placed on all <O] publicly distributed phonorecords of the sound recording.

(b) **Form of notice.** *If a notice appears on the phonorecords, it* [O>The notice appearing on the phonorecords<O] shall consist of the following three elements:

(1) the symbol e (the letter P in a circle); and

(2) the year of first publication of the sound recording; and

(3) the name of the owner of copyright in the sound recording, or an abbreviation by which the name can be recognized, or a generally known alternative designation of the owner; if the producer of the sound recording is named on the phonorecord labels or containers, and if no other name appears in conjunction with the notice, the producer's name shall be considered a part of the notice.

(c) **Position of notice.** The notice shall be placed on the surface of the phonorecord, or on the phonorecord label or container, in such manner and location as to give reasonable notice of the claim of copyright.

*(d) Evidentiary Weight of Notice.--If a notice of copyright in the form and position specified by this section appears on the published phonorecord or phonorecords to which a defendant in a copyright infringement suit had access, then no weight shall be given to such a defendant's interposition of a defense based on innocent infringement in mitigation of actual or statutory damages, except as provided in the last sentence of section 504(c)(2).*

#### § 403. Notice of copyright: Publications incorporating United States Government works

*Sections 401(d) and 402(d) shall not apply to a work published in copies or phonorecords consisting predominantly of one or more works of the United States Government unless the notice of copyright appearing on the published copies or phonorecords to which a defendant in the copyright infringement suit had access includes a statement identifying, either affirmatively or negatively, those portions of the copies or phonorecords embodying any work or works protected under this title.*

[O]Whenever a work is published in copies or phonorecords consisting preponderantly of one or more works of the United States Government, the notice of copyright provided by sections 401 or 402 shall also include a statement identifying, either affirmatively or negatively, those portions of the copies or phonorecords embodying any work or works protected under this title.<O]

**§ 404. Notice of copyright: Contributions to collective works**

(a) A separate contribution to a collective work may bear its own notice of copyright, as provided by sections 401 through 403. However, a single notice applicable to the collective work as a whole is sufficient *to invoke the provisions of section 401(d) or 402(d), as applicable* [O]to satisfy the requirements of sections 401 through 403<O] with respect to the separate contributions it contains (not including advertisements inserted on behalf of persons other than the owner of copyright in the collective work), regardless of the ownership of copyright in the contributions and whether or not they have been previously published.

(b) *With respect to copies and phonorecords publicly distributed by authority of the copyright owner before the effective date of the Berne Convention Implementation Act of 1988, where* [O]Where<O] the person named in a single notice applicable to a collective work as a whole is not the owner of copyright in a separate contribution that does not bear its own notice, the case is governed by the provisions of section 406(a).

**§ 405. Notice of copyright: Omission of notice on certain copies and phonorecords**

(a) **Effect of omission on copyright.** *With respect to copies and phonorecords publicly distributed by authority of the copyright owner before the effective date of the Berne Convention Implementation Act of 1988, the omission of the copyright notice described in* [O]The omission of the copyright notice prescribed by<O] sections 401 through 403 from copies or phonorecords publicly distributed by authority of the copyright owner does not invalidate the copyright in a work if--

(1) the notice has been omitted from no more than a relatively small number of copies or phonorecords distributed to the public; or

(2) registration for the work has been made before or is made within five years after the publication without notice, and a reasonable effort is made to add notice to all copies or phonorecords that are distributed to the public in the United States after the omission has been discovered; or

(3) the notice has been omitted in violation of an express requirement in writing that, as a condition of the copyright owner's authorization of the public distribution of copies or phonorecords, they bear the prescribed notice.

(b) **Effect of omission on innocent infringers.** Any person who innocently infringes a copyright, in reliance upon an authorized copy or phonorecord from which the copyright notice has been *omitted and which was publicly distributed by authority of the copyright owner before the effective date of the Berne Convention Implementation Act of 1988,* [O]omitted,<O] incurs no liability for actual or statutory damages under section 504 for any infringing acts committed before receiving actual notice that registration for the work has been made under section 408, if such person proves that he or she was misled by the omission of notice. In a suit for infringement in such a case the court may allow or disallow recovery of any of the infringer's profits attributable to the infringement, and may enjoin the continuation of the infringing undertaking or may require, as a condition or permitting the continuation of the infringing undertaking, that the infringer pay the copyright owner a reasonable license fee in an amount and on terms fixed by the court.

(c) **Removal of notice.** Protection under this title is not affected by the removal, destruction, or obliteration of the notice, without the authorization of the copyright owner, from any publicly distributed copies or phonorecords.

**§ 406. Notice of copyright: Omission of notice on certain copies and phonorecords** [O]Error in name or date<O]

(a) **Error in name.** *With respect to copies and phonorecords publicly distributed by authority of the copyright owner before the effective date of the Berne Convention Implementation Act of 1988, where [O>Where<O] the person named in the copyright notice on copies or phonorecords publicly distributed by authority of the copyright owner is not the owner of copyright, the validity and ownership of the copyright are not affected. In such a case, however, any person who innocently begins an undertaking that infringes the copyright has a complete defense to any action for such infringement if such person proves that he or she was misled by the notice and began the undertaking in good faith under a purported transfer or license from the person named therein, unless before the undertaking was begun--*

(1) registration for the work had been made in the name of the owner of copyright; or

(2) a document executed by the person named in the notice and showing the ownership of the copyright has been recorded.

The person named in the notice is liable to account to the copyright owner for all receipts from transfers or licenses purportedly made under the copyright by the person named in the notice.

(b) **Error in date.** *When the year date in the notice on copies or phonorecords distributed before the effective date of the Berne Convention Implementation Act of 1988 by authority of the copyright owner is earlier than the year in which publication first occurred, any period computed from the year of first publication under section 302 is to be computed from the year in the notice. Where the year date is more than one year later than the year in which publication first occurred, the work is considered to have been published without any notice and is governed by the provisions of section 405.*

(c) **Omission of name or date.** *Where copies or phonorecords publicly distributed before the effective date of the Berne Convention Implementation Act of 1988 by authority of the copyright owner contain no name or no date that could reasonably be considered a part of the notice, the work is considered to have been published without any notice and is governed by the provisions of section 405 as in effect on the day before the effective date of the Berne Convention Implementation Act of 1988.*

#### **§ 407. Deposit of copies or phonorecords for Library of Congress**

(a) Except as provided by subsection (c), and subject to the provisions of subsection (e), the owner of copyright or of the exclusive right of publication in a work published [O>with notice of copyright<O] in the United States shall deposit, within three months after the date of such publication--

(1) two complete copies of the best edition; or

(2) if the work is a sound recording, two complete phonorecords of the best edition, together with any printed or other visually perceptible material published with such phonorecords.

Neither the deposit requirements of this subsection nor the acquisition provisions of subsection (e) are conditions of copyright protection.

(b) The required copies or phonorecords shall be deposited in the Copyright Office for the use or disposition of the Library of Congress. The Register of Copyrights shall, when requested by the depositor and upon payment of the fee prescribed by section 708, issue a receipt for the deposit.

(c) The Register of Copyrights may by regulation exempt any categories of material from the deposit requirements of this section, or require deposit of only one copy or phonorecord with respect to any categories. Such regulations shall provide either for complete exemption from the deposit requirements of this section, or for alternative forms of deposit aimed at providing a satisfactory archival record of a work without imposing practical or financial hardships on the depositor, where the individual author is the owner of copyright in a pictorial, graphic, or sculptural work and (i) less than five copies of the work have been published, or (ii) the work has been published in a limited edition consisting of numbered copies, the monetary value of which would make the mandatory deposit of two copies of the best edition of the work burdensome, unfair, or unreasonable.

(d) At any time after publication of a work as provided by subsection (a), the Register of Copyrights may make written demand for the required deposit on any of the persons obligated to make the deposit under subsection (a). Unless deposit is made within three months after the demand is received, the person or persons on whom the demand was made are liable--

(1) to a fine of not more than \$ 250 for each work; and

(2) to pay into a specially designated fund in the Library of Congress the total retail price of the copies or phonorecords demanded, or, if no retail price has been fixed, the reasonable cost of the Library of Congress of acquiring them; and

(3) to pay a fine of \$ 2,500, in addition to any fine or liability imposed under clauses (1) and (2), if such person willfully or repeatedly fails or refuses to comply with such a demand.

(e) With respect to transmission programs that have been fixed and transmitted to the public in the United States but have not been published, the Register of Copyrights shall, after consulting with the Librarian of Congress and other interested organizations and officials, establish regulations governing the acquisition, through deposit or otherwise, of copies or phonorecords of such programs for the collections of the Library of Congress.

(1) The Librarian of Congress shall be permitted, under the standards and conditions set forth in such regulations, to make a fixation of a transmission program directly from a transmission to the public, and to reproduce one copy or phonorecord from such fixation for archival purposes.

(2) Such regulations shall also provide standards and procedures by which the Register of Copyrights may make written demand, upon the owner of the right of transmission in the United States, for the deposit of a copy or phonorecord of a specific transmission program. Such deposit may, at the option of the owner of the right of transmission in the United States, be accomplished by gift, by loan for purposes of reproduction, or by sale at a price not to exceed the cost of reproducing and supplying the copy or phonorecord. The regulations established under this clause shall provide reasonable periods of not less than three months for compliance with a demand, and shall allow for extensions of such periods and adjustments in the scope of the demand or the methods for fulfilling it, as reasonably warranted by the circumstances. Willful failure or refusal to comply with the conditions prescribed by such regulations shall subject the owner of the right of transmission in the United States to liability for an amount, not to exceed the cost of reproducing and supplying the copy of phonorecord in question, to be paid into a specially designated fund in the Library of Congress.

(3) Nothing in this subsection shall be construed to require the making or retention, for purposes of deposit, of any copy or phonorecord of an unpublished transmission program, the transmission of which occurs before the receipt of a specific written demand as provided by clause (2).

(4) No activity undertaken in compliance with regulations prescribed under clauses (1) or (2) of this subsection shall result in liability if intended solely to assist in the acquisition of copies or phonorecords under this subsection.

#### **§ 408. Copyright registration in general**

(a) **Registration permissive.** At any time during the subsistence of copyright in any published or unpublished work, the owner of copyright or of any exclusive right in the work may obtain registration of the copyright claim by delivering to the Copyright Office the deposit specified by this section, together with the application and fee specified by sections 409 and 708. *Such* [O>Subject to the provisions of section 405(a), such<O] registration is not a condition of copyright protection.

(b) **Deposit for copyright registration.** Except as provided by subsection (c), the material deposited for registration shall include--

(1) in the case of an unpublished work, one complete copy or phonorecord;

(2) in the case of a published work, two complete copies or phonorecords of the best edition;

(3) in the case of a work first published outside the United States, one complete copy or phonorecord as so published;

(4) in the case of a contribution to a collective work, one complete copy or phonorecord of the best edition of the collective work.

Copies or phonorecords deposited for the Library of Congress under section 407 may be used to satisfy the deposit provisions of this section, if they are accompanied by the prescribed application and fee, and by any additional identifying material that the Register may, by regulation, require. The Register shall also prescribe regulations establishing requirements under which copies or phonorecords acquired for the Library of Congress under subsection (e) of section 407, otherwise than by deposit, may be used to satisfy the deposit provisions of this section.

**(c) Administrative classification and optional deposit.**

(1) The Register of Copyrights is authorized to specify by regulation the administrative classes into which works are to be placed for purposes of deposit and registration, and the nature of the copies or phonorecords to be deposited in the various classes specified. The regulations may require or permit, for particular classes, the deposit of identifying material instead of copies or phonorecords, the deposit of only one copy or phonorecord where two would normally be required, or a single registration for a group of related works. This administrative classification of works has no significance with respect to the subject matter of copyright or the exclusive rights provided by this title.

(2) Without prejudice to the general authority provided under clause (1), the Register of Copyrights shall establish regulations specifically permitting a single registration for a group of works by the same individual author, all first published as contributions to periodicals, including newspapers, within a twelve-month period, on the basis of a single deposit, application, and registration fee, under *the following conditions*: [O>all of the following conditions--<O]

[O>(A) if each of the works as first published bore a separate copyright notice, and the name of the owner of copyright in the work, or an abbreviation by which the name can be recognized, or a generally known alternative designation of the owner was the same in each notice; and<O]

(A) [O>(B)<O] if the deposit consists of one copy of the entire issue of the periodical, or of the entire section in the case of a newspaper, in which each contribution was first published; and

(B) [O>(C)<O] if the application identifies each work separately, including the periodical containing it and its date of first publication.

(3) As an alternative to separate renewal registrations under subsection (a) of section 304, a single renewal registration may be made for a group of works by the same individual author, all first published as contributions to periodicals, including newspapers, upon the filing of a single application

(A) the renewal claimant or claimants, and the basis of claim or claims under section 304(a), is the same for each of the works; and

(B) the works were all copyrighted upon their first publication, either through separate copyright notice and registration or by virtue of a general copyright notice in the periodical issue as a whole; and

(C) the renewal application and fee are received not more than twenty-eight or less than twenty-seven years after the thirty-first day of December of the calendar year in which all of the works were first published; and

(D) the renewal application identifies each work separately, including the periodical containing it and its date of first publication.

**(d) Corrections and amplifications.** The Register may also establish, by regulation, formal procedures for the filing of an application for supplementary registration, to correct an error in a copyright registration or to amplify the information given in a registration. Such application shall be accompanied by the fee provided by section 708, and shall clearly identify the registration to be corrected or amplified. The information contained in a supplementary registration augments but does not supersede that contained in the earlier registration.

(e) **Published edition of a previously registered work.** Registration for the first published edition of a work previously registered in unpublished form may be made even though the work as published is substantially the same as the unpublished version.

§ 411. **Registration and infringement actions** [O>as prerequisite to infringement suit<O]

(a) *Except for actions for infringement of copyright in Berne Convention works whose country of origin is not the United States, and subject* [O>Subject<O] to the provisions of subsection (b), no action for infringement of the copyright in any work shall be instituted until registration of the copyright claim has been made in accordance with this title. In any case, however, where the deposit, application, and fee required for registration have been delivered to the Copyright Office in proper form and registration has been refused, the applicant is entitled to institute an action for infringement if notice thereof, with a copy of the complaint, is served on the Register of Copyrights. The Register may, at his or her option, become a party to the action with respect to the issue of registrability of the copyright claim by entering an appearance within sixty days after such service, but the Register's failure to become a party shall not deprive the court of jurisdiction to determine that issue.

(b) In the case of a work consisting of sounds, images, or both, the first fixation of which is made simultaneously with its transmission, the copyright owner may, either before or after such fixation takes place, institute an action for infringement under section 501, fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, if, in accordance with requirements that the Register of Copyrights shall prescribe by regulation, the copyright owner--

(1) serves notice upon the infringer, not less than ten or more than thirty days before such fixation, identifying the work and the specific time and source of its first transmission, and declaring an intention to secure copyright in the work; and

(2) makes registration for the work, *if required by subsection (a)*, within three months after its first transmission.

§ 501. **Infringement of copyright**

(a) Anyone who violates any of the exclusive rights of the copyright owner as provided by sections 106 through 118, or who imports copies or phonorecords into the United States in violation of section 602, is an infringer of the copyright.

(b) The legal or beneficial owner of an exclusive right under a copyright is entitled, subject to the requirements of *section 411*, [O>sections 205(d) and 411,<O] to institute an action for any infringement of that particular right committed while he or she is the owner of it. The court may require such owner to serve written notice of the action with a copy of the complaint upon any person shown, by the records of the Copyright Office or otherwise, to have or claim an interest in the copyright, and shall require that such notice be served upon any person whose interest is likely to be affected by a decision in the case. The court may require the joinder, and shall permit the intervention, of any person having or claiming an interest in the copyright.

(c) For any secondary transmission by a cable system that embodies a performance or a display of a work which is actionable as an act of infringement under subsection (c) of section 111, a television broadcast station holding a copyright or other license to transmit or perform the same version of that work shall, for purposes of subsection (b) of this section, be treated as a legal or beneficial owner if such secondary transmission occurs within the local service area of that television station.

(d) For any secondary transmission by a cable system that is actionable as an act of infringement pursuant to section 111(c)(3), the following shall also have standing to sue: (i) the primary transmitter whose transmission has been altered by the cable system; and (ii) any broadcast station within whose local service area the secondary transmission occurs.

(e) *With respect to any secondary transmission that is made by a satellite carrier of a primary transmission embodying the performance or display of a work and is actionable as an act of infringement under section 119(a)(5), a network*

*station holding a copyright or other license to transmit or perform the same version of that work shall, for purposes of subsection (b) of this section, be treated as a legal or beneficial owner if such secondary transmission occurs within the local service area of that station.*

#### **§ 504. Remedies for infringement: Damages and profits**

(a) **In general.** Except as otherwise provided by this title, an infringer of copyright is liable for either--

(1) the copyright owner's actual damages and any additional profits of the infringer, as provided by subsection (b);  
or

(2) statutory damages, as provided by subsection (c).

(b) **Actual damages and profits.** The copyright owner is entitled to recover the actual damages suffered by him or her as a result of the infringement, and any profits of the infringer that are attributable to the infringement and are not taken into account in computing the actual damages. In establishing the infringer's profits, the copyright owner is required to present proof only of the infringer's gross revenue, and the infringer is required to prove his or her deductible expenses and the elements of profit attributable to factors other than the copyrighted work.

(c) **Statutory damages.**

(1) Except as provided by clause (2) of this subsection, the copyright owner may elect, at any time before final judgment is rendered, to recover, instead of actual damages and profits, an award of statutory damages for all infringements involved in the action, with respect to any one work, for which any one infringer is liable individually, or for which any two or more infringers are liable jointly and severally, in a sum of not less than \$ 500 [O>\$ 250<O] or more than \$ 20,000 [O>\$ 10,000<O] as the court considers just. For the purposes of this subsection, all the parts of a compilation or derivative work constitute one work.

(2) In a case where a copyright owner sustains the burden of proving, and the court finds, that infringement was committed willful- ly, the court in its discretion may increase the award of statutory damages to a sum of not more than \$ 100,000. [O>\$ 50,000.<O] In a case where the infringer sustains the burden of proving, and the court finds, that such infringer was not aware and had no reason to believe that his or her acts constituted an infringement of copyright, the court in its discretion may reduce the award of statutory damages to a sum of not less than \$ 200. [O>\$ 100.<O] The court shall remit statutory damages in any case where an infringer believed and had reasonable grounds for believing that his or her use of the copyright work was a fair use under section 107, if the infringer was: (i) an employee or agent of a nonprofit educational institution, library, or archives acting within the scope of his or her employment who, or such institution, library, or archives itself, which infringed by reproducing the work in copies or phonorecords; or (ii) a public broadcasting entity which or a person who, as a regular part of the nonprofit activities of a public broadcasting entity (as defined in subsection (g) of section 118) infringed by performing a published nondramatic literary work or by reproducing a transmission program embodying a performance of such a work.

#### **§ 801. Copyright Royalty Tribunal: Establishment and purpose**

(a) There is hereby created an independent Copyright Royalty Tribunal in the legislative branch.

(b) Subject to the provisions of this chapter, the purposes of the Tribunal shall be--

(1) to make determinations concerning the adjustment of reasonable copyright royalty rates as provided in sections 115 and 116, and to make determinations as to reasonable terms and rates of royalty payments as provided in section 118. The rates applicable under sections 115 and 116 shall be calculated to achieve the following objectives:

(A) To maximize the availability of creative works to the public;

(B) To afford the copyright owner a fair return for his creative work and the copyright user a fair income under existing economic conditions;

(C) To reflect the relative roles of the copyright owner and the copyright user in the product made available to the public with respect to relative creative contribution, technological contribution, capital investment, cost, risk, and contribution to the opening of new markets for creative expression and media for their communication;

(D) To minimize any disruptive impact on the structure of the industries involved and on generally prevailing industry practices.

(2) to make determinations concerning the adjustment of the copyright royalty rates in section 111 solely in accordance with the following provisions:

(A) The rates established by section 111(d)(1)(B) may be adjusted to reflect (i) national monetary inflation or deflation or (ii) changes in the average rates charged cable subscribers for the basic service of providing secondary transmissions to maintain the real constant dollar level of the royalty fee per subscriber which existed as of the date of enactment of this Act; *Provided*, That if the average rates charged cable system subscribers for the basic service of providing secondary transmissions are changed so that the average rates exceed national monetary inflation, no change in the rates established by section 111(d)(1)(B) shall be permitted: *And provided further*, That no increase in the royalty fee shall be permitted based on any reduction in the average number of distant signal equivalents per subscriber. The Commission may consider all factors relating to the maintenance of such level of payments including, as an extenuating factor, whether the cable industry has been restrained by subscriber rate regulating authorities from increasing the rates for the basic service of providing secondary transmissions.

(B) In the event that the rules and regulations of the Federal Communications Commission are amended at any time after April 15, 1976, to permit the carriage by cable systems of additional television broadcast signals beyond the local service area of the primary transmitters of such signals, the royalty rates established by section 111(d)(1)(B) may be adjusted to insure that the rates for the additional distant signal equivalents resulting from such carriage are reasonable in the light of the changes effected by the amendment to such rules and regulations. In determining the reasonableness of rates proposed following an amendment of Federal Communications Commission rules and regulations, the Copyright Royalty Tribunal shall consider, among other factors, the economic impact on copyright owners and users: *Provided*, That no adjustment in royalty rates shall be made under this subclause with respect to any distant signal equivalent or fraction thereof represented by (i) carriage of any signal permitted under the rules and regulations of the Federal Communications Commission in effect on April 15, 1976, or the carriage of a signal of the same type (that is, independent, network, or noncommercial educational) substituted for such permitted signal, or (ii) a television broadcast signal first carried after April 15, 1976, pursuant to an individual waiver of the rules and regulations of the Federal Communications Commission, as such rules and regulations were in effect on April 15, 1976.

(C) In the event of any change in the rules and regulations of the Federal Communications Commission with respect to syndicated and sports program exclusivity after April 15, 1976, the rates established by section 111(d)(1)(B) may be adjusted to assure that such rates are reasonable in light of the changes to such rules and regulations, but any such adjustment shall apply only to the affected television broadcast signals carried on those systems affected by the change.

(D) The gross receipts limitations established by section 111(d)(1)(C) and (D) shall be adjusted to reflect national monetary inflation or deflation or changes in the average rates charged cable system subscribers for the basic service of providing secondary transmissions to maintain the real constant dollar value of the exemption provided by such section; and the royalty rate specified therein shall not be subject to adjustment; and

(3) to distribute royalty fees deposited with the Register of Copyrights under sections 111, 116, and 119(b) [O>and 116<O], and to determine, in cases where controversy exists, the distribution of such fees.

*In determining whether a return to a copyright owner under section 116 is fair, appropriate weight shall be given to-*

(i) the rates previously determined by the Tribunal to provide a fair return to the copyright owner, and

(ii) the rates contained in any license negotiated pursuant to section 116A of this title.

(c) As soon as possible after the date of enactment of this Act, and no later than six months following such date, the President shall publish a notice announcing the initial appointments provided in section 802, and shall designate an order of seniority among the initially-appointed commissioners for purposes of section 802(b).

#### **§ 804. Institution and conclusion of proceedings**

(a) With respect to proceedings under section 801(b)(1) concerning the adjustment of royalty rates as provided in sections 115 and 116, and with respect to proceedings under section 801(b)(2)(A) and (D)--

(1) on January 1, 1980, the Chairman of the Tribunal shall cause to be published in the Federal Register notice of commencement of proceedings under this chapter; and

(2) during the calendar years specified in the following schedule, any owner or user of a copyrighted work whose royalty rates are specified by this title, or by a rate established by the Tribunal, may file a petition with the Tribunal declaring that the petitioner requests an adjustment of the rate. The Tribunal shall make a determination as to whether the applicant has a significant interest in the royalty rate in which an adjustment is requested. If the Tribunal determines that the petitioner has a significant interest, the Chairman shall cause notice of this determination, with the reasons therefor, to be published in the Federal Register, together with notice of commencement of proceedings under this chapter.

(A) In proceedings under section 801(b)(2)(A) and (D), such petition may be filed during 1985 and in each subsequent fifth calendar year.

(B) In proceedings under section 801(b)(1) concerning the adjustment of royalty rates as provided in section 115, such petition may be filed in 1987 and in each subsequent tenth calendar year.

*(C)(i) In proceedings under section 801(b)(1) concerning the adjustment of royalty rates as provided in section 115, such petition may be filed in 1990 and in each subsequent tenth calendar year, and at any time within 1 year after negotiated licenses authorized by section 116A are terminated or expire and are not replaced by subsequent agreements.*

*(ii) If negotiated licenses authorized by section 116A come into force so as to supersede previous determinations of the Tribunal, as provided in section 116A(d), but thereafter are terminated or expire and are not replaced by subsequent agreements, the Tribunal shall, upon petition of any party to such terminated or expired negotiated license agreement, promptly establish an interim royalty rate or rates for the public performance by means of coin-operated phonorecord player of nondramatic musical works embodied in phonorecords which had been subject to the terminated or expired negotiated license agreement. Such interim royalty rate or rates shall be the same as the last such rate or rates and shall remain in force until the conclusion of proceedings to adjust the royalty rates applicable to such works, or until superseded by a new negotiated license agreement, as provided in section 116A(d).*

[O>(C) In proceedings under section 801(b)(1) concerning the adjustment of royalty rates under section 116, such petition may be filed in 1990 and in each subsequent tenth calendar year.<O]

(b) With respect to proceedings under subclause (B) or (C) of section 801(b)(2), following an event described in either of those subsections, any owner or user of a copyrighted work whose royalty rates are specified by section 111, or by a rate established by the Tribunal, may, within twelve months, file a petition with the Tribunal declaring that the petitioner requests an adjustment of the rate. In this event the Tribunal shall proceed as in subsection (a)(2), above. Any change in royalty rates made by the Tribunal pursuant to this subsection may be reconsidered in 1980, 1985, and each fifth calendar year thereafter, in accordance with the provisions in section 801(b)(2)(B) or (C), as the case may be.

(c) With respect to proceedings under section 801(b)(1), concerning the determination of reasonable terms and rates of royalty payments as provided in section 118, the Tribunal shall proceed when and as provided by that section.

(d) With respect to proceedings under section 801(b)(3), concerning the distribution of royalty fees in certain circumstances under *section 111, 116, or 119* [O>sections 111 or 116<O], the Chairman of the Tribunal shall, upon determination by the Tribunal that a controversy exists concerning such distribution, cause to be published in the Federal Register notice of commencement of proceedings under this chapter.

(e) All proceedings under this chapter shall be initiated without delay following publication of the notice specified in this section, and the Tribunal shall render its final decision in any such proceeding.
